

*Climate Systems Division
Modine Climate Systems Inc.*

Mr. Gregory Sweet
Graphic Design Associates

To Greg:

On behalf of Modine, I would like to take this opportunity to express our gratitude for the fine work you have done for us. Our initial projects, including the development of technical HVAC installation instructions and service manuals has evolved into several creative projects that are assisting Modine in the marketing of our aftermarket products. We are proud of the advertising slicks you developed for us as well and the brochures. We appreciate the creativity and the artistic talents provided by your company.

I have found your work to be quite professional and you seem to always find a way to meet our deadlines. Thanks for your help!

Regards

Ritchie McGinnis
Program Manager, Aftermarket Products
